BULLY_4_U SECONDARY / COLLEGE VERSION

Research by National Centre for Social Research found that 47% of 14 year olds and 41% of 15 year olds reported being bullied. Cyber bullying is also increasing with bullying by mobiles, email and websites now as common as name-calling among teenagers. Bullying within relationships, homophobia and sexual and sexist bullying are also major issues for many schools.

HOW WE CAN HELP

Bully_4_U is a safe and carefully structured theatre in education programme that helps young people aged 11 upwards to learn about and protect themselves against bullying. The session covers many forms of bullying including cyber, sexist/sexual and homophobic bullying and explores strategies to combat and prevent them. Bully_4_U supports PSHE work on respect in relationships and includes work looking at male victims of teenage partner abuse. Sessions are also available for parents and professionals.

WHAT WE DO

Bully_4_U includes a drama and interactive workshop, available in different formats to suit your budget and timetable. We can work with a whole year group in one day for theme or drop down days or can do more targeted work with class sized groups. We are very low tech; we come to your venue and can run sessions in spaces such as classrooms, school halls or youth centres. Versions are also available for parents, training professionals or conference presentations.

"Very good classroom management. Really focussed the group. They handled individual questions sensitively and allowed own opinions to be aired with no sense of judgement"

– Head of PSHE
