## BULLY\_4\_U (PRIMARY VERSION)

Research by the NSPCC found that 31% of children experienced bullying by their peers during childhood and a quarter of children bullied by their peers suffered long term harmful effects lasting into adulthood. Cyber bullying is also increasing with bullying by mobiles, email and websites now as common as name-calling among children and teenagers.

## HOW WE CAN HELP

Bully\_4\_U is a safe and carefully structured theatre in education programme that uses drama as a safe way to help children aged 8 to 11 years old to **widen their definition of bullying**. The focus is on gaining a broad understanding of many different forms of bullying, identifying when bullying is happening and knowing what can be done to stop or prevent it. The session develops children's empathy and knowledge of where to go for help, and also includes work on cyber bullying and how to stay safe online. The package includes pre and post session lesson plans.

"I LEARNED THAT  
IF AM BEING  
BULLIED THAT  
THERE ARE THINGS  
I CAN DO ABOUT  
IT."

## WHAT WE DO

Bully\_4\_U includes a drama and interactive workshop, available in different formats to suit your budget and timetable. We can work with a whole year group in one day for theme or drop down days or can do more targeted work with class sized groups. We are very low tech; we come to your venue and can run sessions in spaces such as classrooms, school halls or youth centres.

The content of the workshop is clear and pitched at the right level for the range of abilities. Children engaged with all aspects of the work and are obviously considering aspects of the topic they have not uncovered before.
